

## Kingston Township Driveway Culvert Replacement Fee Schedule

09-20-13

On September 3, 2013, the Kingston Township Board of Trustees voted to authorize Road Superintendent Doug Crowl to perform driveway culvert replacement at the owner's expense if the culvert is located in the township road right-of-way. This authorization applies to the following township roadways, and does not apply to county roadways or state routes. Township roadways include:

Todd Street Road	Clark Road	Wilson Road
Blue Church Road	Beacom Road (Portion)	Wildwood Lane
Rosecrans Road	Blayney Road	Stockwell (Portion)
Twigg Hupp Road	Basham Lane	Berkshire Road (Portion)

All right-of-way work for County Roadways including Kilbourne Road, N. Galena Road, 3 B's & K Road, Monkey Hollow and Carters Corner Road is permitted by the Delaware County Engineer's Office at 740-833-2400. All right-of way work for State Routes including SR61 and SR 521 is permitted by the Ohio Department of Transportation at 740-363-1251 or 1-800-372-7714.

Should a resident decide to replace their existing driveway culvert located in the right-of-way along a township roadway, the resident should contact Road Superintendent Doug Crowl at 740-815-8427 to discuss permitting requirements. Once permitted, the resident can replace the driveway culvert themselves, hire a private contractor to perform the work, or now have the work performed by the Road Superintendent according to the following fee schedule.

Pipe/Fittings	\$ 7.00 per linear foot
12' Double Wall, Corrugated Plastic Pipe	
Backhoe Rate Per Hour	\$ 35.00 per hour
Labor Per Hour	\$ 25.00 per hour
Gravel	
304 Base	\$ 15.00 per ton
57's	\$ 19.50 per ton

Please contact Road Superintendent Crowl to discuss the driveway culvert permitting process and to obtain a cost estimate for the township to perform the work for culverts located in the township road right-of-way.
