The Kingston Township Board of Trustees Special meeting was called to order by Vice Chairman Volpe.

ROLL CALL: Shively-yea; Akers-absent, Volpe-yea;

SPECIAL GUEST:

Doug Riedel Delaware County Engineers Office

The purpose of the Special Meeting was to discuss the drainage issues for residents who live on Todd Street. Several residents attended the Special Meeting to continue the discussions on possible solutions. Doug Riedel from the Delaware County Engineers office gave an example of the cost if the county were to fix the drainage problems. Estimated cost could be up to \$60,000. This was just for discussion purposes.

Other considerations could be a private excavator to repair and clean out the areas where there are areas of poor drainage on personal properties.

Road Superintendent Crawl was concerned with an area that floods and could result in A vehicle being submerged in water during flooding. Crawl will get an estimated to put a guardrail in the area to protect the area.

Trustee Shively was going to speak with the Delaware County Commissioners on this problem and the Ribov project in the same area.

Doug Riedel was going to discuss this with Soil and Water and get back with the trustees at the March 2021 meeting.

The next regular Monthly Board of Trustees meeting will be held on February 2, 2021.

Motion to adjourn the meeting was made by Shively, with a second by Volpe. Vote: Volpe-yea; and Shively-yea.
